SIR,

With reference to your letter No. 8556 - Sam 27-5-2, dated 24th May 1916, enquiring whether the chromo litho work in question could not be done locally, and suggesting the Photozinco Office Poona I have the honor to state that I obtained an estimate from Messrs Sattley and Silverlock, London because they are specialists in that class of work, and because

because I considered it necessary, in order to do justice to the work, that it should be done only in the very best style from the printed specimens I submitted with my letter it will be seen how delicate the work is. No doubt the work could be done in India, but I do not think that full justice would be done to it; and to fall short of perfection in such a piece of work would be to miss the very object the author of the book has in view

The drawings are with Messrs Suttley & Silverlock, London awaiting a reply to their submitted estimate. I have the honor to be,

Sir,
